- Way Ahead

Where does JCD&E fit…

- **Focused on the priorities of the Department**
  - **Strategic Guidance… GDF & GEF**
  - **Must allow for…Experimentation, discovery, prototyping, and exploration**
- **Synchronize/align efforts across the Department**
  - **Development/execution of Joint Experimentation (JE) Campaign Plan**
  - **Move from separate WFCs to addressing Capability Gaps (Mid & Far)**
  - **Incorporate into IPLs?**
  - **Identify capabilities, gaps and solutions**
  - **Affordability…areas to accept risk, offsets, etc.**
  - **Better inform decision makers…**
- **Functional Capability Boards Key Stakeholders**
  - **JCD&E results influence FCB Capability Gap Assessment (CGA)**
  - **FCBs CGA outputs should help shape JE Campaign Plan**
- **Capability Gaps addressed/mitigated--Better align resources to strategy**

Ensure the Joint Warfighter has the required capabilities to execute the NMS in a resource constrained environment…

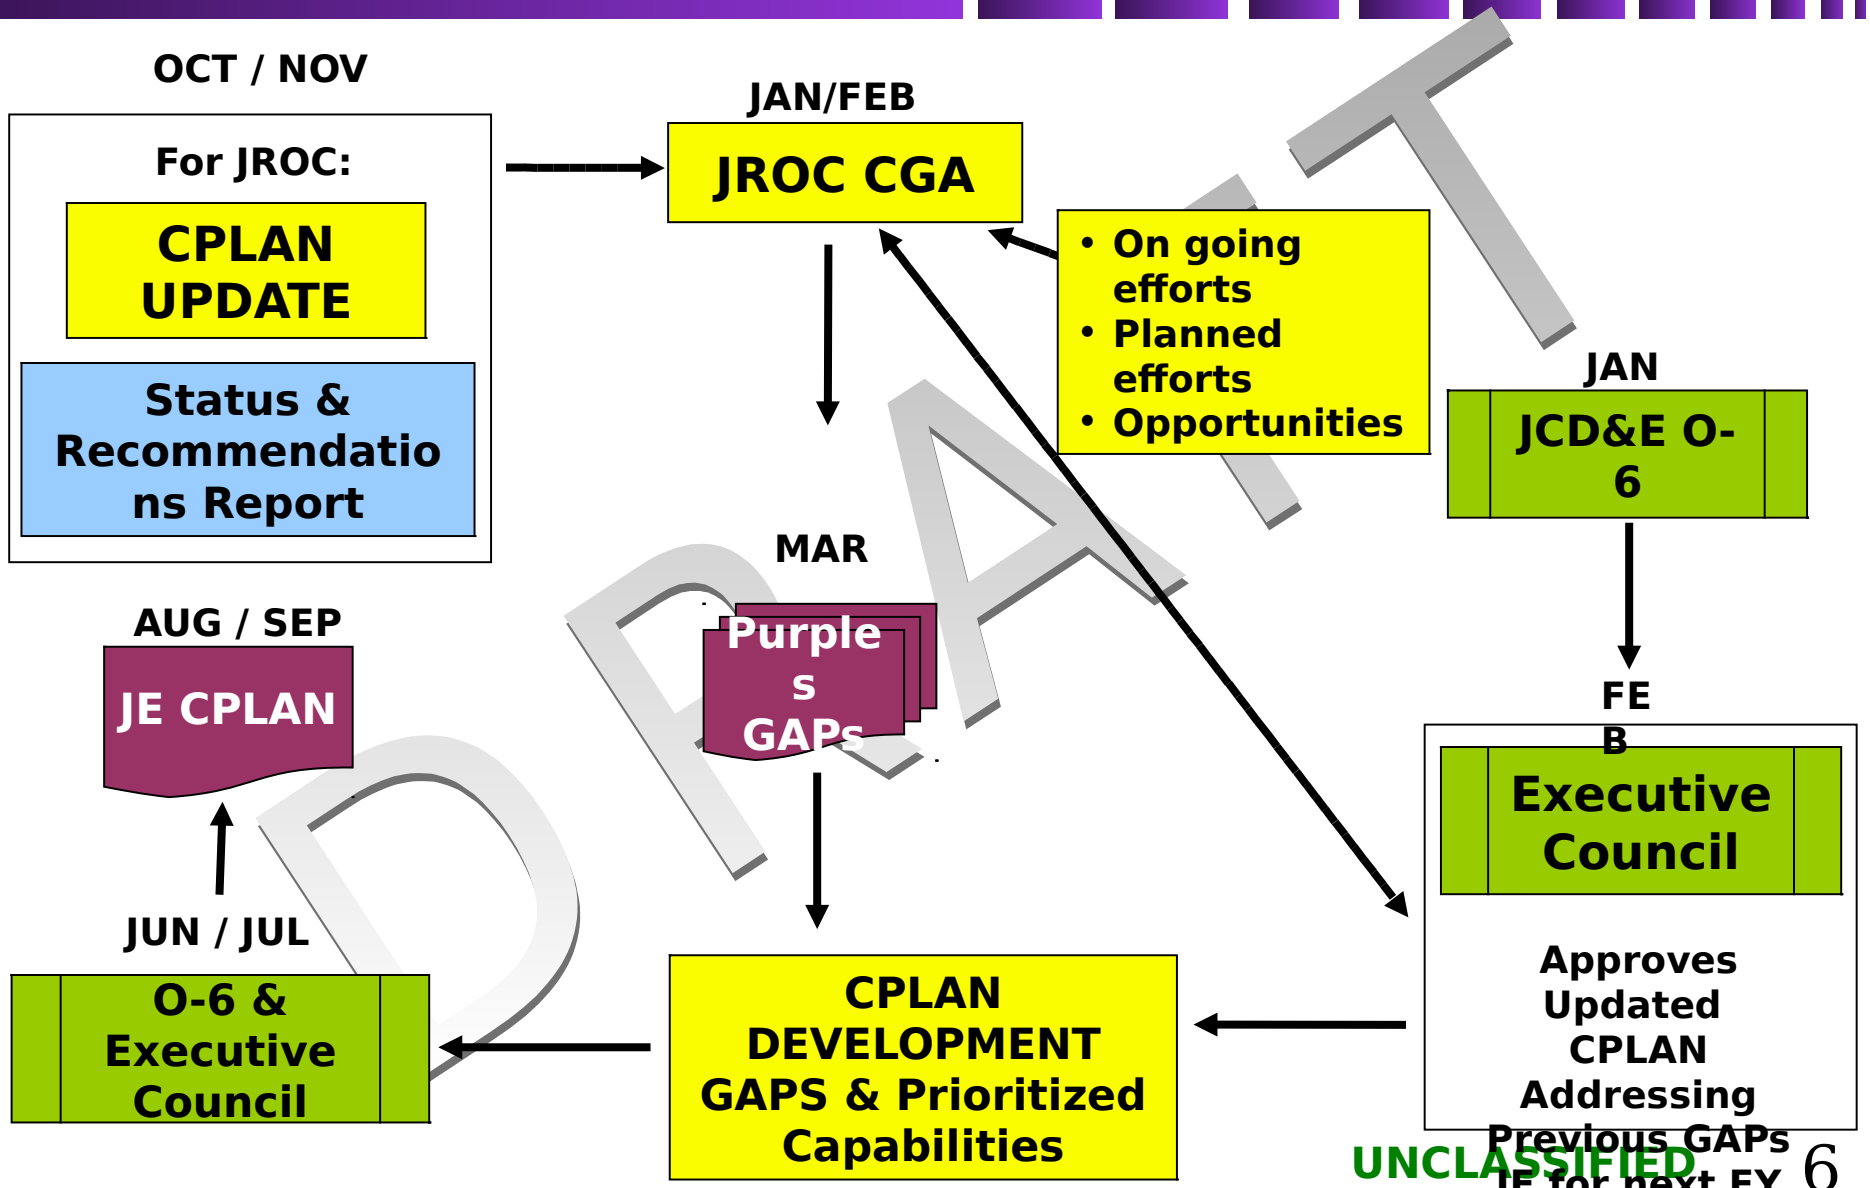
JCD&E with the FCBs



Way Ahead

- **Utilize the much improved EPG to begin improving JE results**
- **Partner with FCB's and within Department processes to find the best recommendations and solutions that ultimately lead to DCRs or identifying new gaps**
- **Continue to seek ways to improve the EPG and address warfighter capability gaps**
